

International Conference on

“Role of Energy for Sustainable Social Development in ‘New-normal’ Era”

28-29 December 2020

CALL FOR PAPER AND PARTICIPATION

IEEE Power & Energy Society Nepal Chapter since its establishment has been conducting activities to uplift the research and practices in electrical power and energy sector. The International conference on “Role of Energy for Sustainable Social Development in ‘New-normal’ Era” is a step forward. The conference would provide a common platform for researchers, academicians and practitioners from Universities, Industries as well as Government organizations to disseminate their knowledge and findings for the sustainability of the electrical power and energy sector. Authors are welcome to submit their original research findings for the following conference sub-themes (but not limited to) with focus on electrical power & energy sector development:

Conference Sub-themes:

- Power Generation, Transmission and Distribution
- Power System Quality, Reliability and Stability
- Regional Interconnection and Electricity Trading
- Distributed Generation, Power Conversion, Microgrids / Smart Grids, Green Energy
- Socio-economic Aspects of Sustainable Energy System
- Sustainable Power and Energy System
- Energy for Sustainable Social Development
- Sustainable Energy Policies

Papers are to be submitted in IEEE conference paper format (<https://www.ieee.org/conferences/publishing/templates.html>) and must be minimum of 4 pages and not more than 6 pages.
